Good morning Sandra,

I've tried to look up in USGS website, but have not been able to obtain the following data. Please provide me those if you can: TDS, chlorides, sulfates, arsenic, mercury, total ammonia and total inorganic nitrogen.

Thank you,

Hi Sandra,

I did not get information regarding to the stream TSS and hardness from the data provided. Can you please look them up again?

Thank you,

Mr. Nguyen,

Unfortunately, I have been unable to run 4Q3's/harmonic mean. There is some disconnect between the USGS website and the Basins program. I have asked IT to take a look at it to no avail.

Attached are the data from our database.
